Conservation of energy

Following initiatives are employed on the campus:

- Tube lights and bulbs have been replaced with LED bulb and tubes.
- Optimum power utilization is practiced.
- Plants in the campus are watered without wasting the water.
- Students are provided safe and clean drinking water.
- The wet waste and dry leaves of plants are used for Bio-fertilizer.

Our environmental policy

- I) To create awareness regarding environmental policy amongst the students and management.
- II) To maintain a pollution-free campus by avoiding tobacco, pan-masala, and its subsequent chewing within the campus.
- III) Tobacco-free campus signboards are displayed at various strategic locations throughout the campus in accordance with government rules and regulations.
- IV) To sensitise the students and staff regarding the safe and sustainable use of potable drinking water facilities within the campus.
- V) To maximise the use of ICT and to minimise the use of paper.
- VI) To use solid waste for compost in the campus, it uses as a fertilizer.
- VII) We have built seating arrangements under the shade of trees on our campus.
- VIII) To use "Use me" dry and wet dustbins on the college campus so as to keep the college campus clean. Protection and nurturing of the flora and fauna within the campus is given considerable priority.
- IX) To maintain a green campus, a "green audit" is planned to be done on a periodic basis our environmental policy
- X) To create awareness regarding environmental policy amongst the students and management.
